

Technical Data Sheet

PRODUCT NAME: ULTRAMARINE VIOLET V.8

Colour index No.: Pigment Violet 15

Molecular Weight: 862.558

Specification	Test Result
Oil Absorption	34Gr/100Gr
Tinting Strength (compare with standard) %	100
Matter volatile at 105°C % ≤	0.8%
Water soluble matter % ≤	0.8
Free sulphur % ≤	0.06
Residue on 325 mesh % ≤	0.06
Moisture (when packaged)	0.80%
Heat stability 300 ° C	5 minutes
Acid Fastness	1
Alkali Fastness	3-4
Light Fastness	8

Applications:

Ultramarine Violet is widely used in plastics, rubber industries, paper industries,

Packing:

In 25kgs paper bags. 18 bags on pallet.
